

EUROS DRY BEER 40

UPPERCOUNTER DISPENSER

**40
LT/H**

EUROS comes the version dedicated to lovers of draft beer EURO DRY BEER

EURO DRY BEER, a high performance dispenser capable of dispensing microfiltered water (still and chilled sparkling) and high quality beer.

Delivery takes place through practical mechanical taps

Quick and easy installation thanks to the positioning of the water and electrical connections in the back of the dispenser.

In particular:

- Ice bank tank filling connection;
- Ice bank tank water level indicator;
- Water supply connection;
- CO2 supply connection;
- Water connection.

including drip tray
